

### MOTOR-SERVICES HUGO STAMP

We are pleased to inform you that our company has been appointed as Exclusive Agents of Motor-Services Hugo Stamp.

Messrs. MSHS is an authorized distributor and turbocharger service center for **MAN, MET, NAPIER & KBB** turbochargers and a Cooperative Repair Shop for **Mitsui** Engineering and Shipbuilding. MSHS is also a member of **Metalock Engineering Group**.

They own full service facilities in the Southwest US, Gulf Coast and the Bahamas and their work scope includes the following:

#### **T/C Workshop Services**

- Dynamic balancing of rotors & shafts
- Material cleaning & handling according to Maker's guide-lines
- Reconditioning of core components: Turbine blades, radial turbines, compressor wheels, inducers, impellers, shafts, re-blading rotors, journals & replacement of gland strips

#### **Reconditioning / Repairs**

- Cylinder heads and liners
- Exhaust valve assembly
- Fuel equipment, pumps, pipes, injectors
- Lube oil and water pumps
- Pistons and connecting rods
- Rocker gears and vibration dampers
- Air starters
- Seawater pumps
- A wide range of Reconditioned spare parts

### Machining

- Bearings rehabbing and Azipod bearings modification
- Customized and emergency repair solutions
- In-place honing of liners and grinding of tablatures
- Polishing of crankshaft journals and engine block machining
- Precision horizontal boring and milling
- Welding for machine shop repairs

You may be assured that we and our principals will offer to your esteemed company the very best in efficiency and we are looking forward to cooperating with you for all future inquiries in respect of your fleet's Turbochargers.

Should you require any further clarification, please do not hesitate to contact us.
