

## AGILE ENGINEERING TURBOCHARGER SERVICES

We are pleased to inform you that our company has been appointed as Exclusive Agents of AGILE ENGINEERING LTD.

Messrs. AGILE have been **authorized** to carry out services by the makers **Mitsubishi** for **MET** turbochargers and by **Mitsui** for **NA, TCA** turbochargers.

Their business scope also includes other types & models of turbochargers (i.e. **MAN, ABB, IHI, KBB**, etc.) and their services are provided **all over China**.

Their standard overhaul for Turbochargers consists of the following works:

- Dynamic balancing of rotor shaft
- Dismantle gas inlet casing, nozzle ring & shroud ring back to w/s for cleaning, inspection & calibration and reassemble
- Nozzle ring & Shroud ring to complete fly ash blasting
- Cleaning Turbine blades
- Non-destructive test of Turbine blades & Nozzle ring
- Chemical cleaning of compressor wheel
- Hardness test of compressor wheel

Their Reference List includes reputable companies such as ALPHA TANKERS & FREIGHTERS, ALLSEAS MARINE, ANDRIAKI SHIPPING, ARISTA SHIPPING, DANAOS SHIPPING, DIANA SHIPPING SERVICES, TMS BULKERS, NAVIOS SHIPMANAGEMENT, etc., whom you may contact and get a feedback about the high quality of services provided by our principals.

You may be assured that we and our principals will offer to your esteemed company the very best in efficiency and we are looking forward to cooperating with you for all future inquiries in respect of your fleet's Turbochargers.

Should you require any further clarification, please do not hesitate to contact us.
