

The Quality Provider

We are pleased to inform you that our company has been appointed as Exclusive Agents of **Gulf Turbo Repair & Services FZC**

Their business scope includes all types & models of turbochargers (i.e. **MET, MAN, ABB, IHI, KBB**, etc.) and their services are provided **all over in the Persian Gulf area**

Their standard overhaul for Turbochargers consists of the following works:

- Dynamic balancing of rotor shaft
- Dismantle gas inlet casing, nozzle ring & shroud ring back to w/s for cleaning, inspection & calibration and reassemble
- Nozzle ring & Shroud ring to complete fly ash blasting
- Cleaning Turbine blades
- Non-destructive test of Turbine blades & Nozzle ring
- Chemical cleaning of compressor wheel
- Hardness test of compressor wheel

You may be assured that we and our principals will offer to your esteemed company the very best in efficiency and we are looking forward to cooperating with you for all future inquiries in respect of your fleet's Turbochargers.

Should you require any further clarification, please do not hesitate to contact us.
